Step-by-Step:
Double Digging Party
 Step 1 of 3

[Print-friendly version](#)

Test Your Soil

As I said, double digging is requires a lot of elbow grease but is well worth it. It's a good idea to have your soil tested before you invite your friends to this party. Soil tests are available from garden centers and from your local county extension service. If you test, you'll know exactly what nutrients your soil will need. For example, alfalfa adds nitrogen, while banana peels add potassium. And of course, compost is like black gold in the garden.. It's the best amendment of them all.

episode guides

Air Date(s): Weekend of February 2, 2002
Episode: #6011

In this show:

Container Garden

Has your garden gone to pot? If so, you're not alone. All over the country, cool containers are being used in gorgeous gardens. Join Rebecca for some beautiful (and funky) ideas on planting your personality in a pot.

Tip: Leaning Hyacinth

For a spring-like aroma in the middle of winter, hyacinth can't be beat. Because they tend to lean a little, Rebecca shares 2 great tips on "flower posture."

Double Digging Party

Amending the soil in your garden can be a big job. Make it fun by inviting friends to a double-digging competition. Many hands make light work. Hey, what are friends for?

Glitzy Gardens

Get ready to hit the jackpot with eye-popping color. A behind-the-scenes look at what it takes to keep indoor gardens blooming all year long - Vegas style!

Tip: Patio Paradise

Add height and beauty to your outdoor space. Fill an empty patio wall with a bookshelf of plants and create a potted paradise.
